

Simply Healthcare Plans Promotes Health Education at Spring Wellness Community Resource Fair

Hiialeah, FL – April 11, 2026 — Simply Healthcare Plans hosted its Spring into Wellness Community Resource Fair in Hiialeah, bringing together local organizations and residents for a day focused on health education, wellness, and community connection.

In partnership with iCare Behavior & Wellness and 14 participating community organizations, the event provided access to health screenings, autism awareness resources, and behavioral health information. Designed to serve individuals and families across the community, the fair also offered engaging resources for children and seniors, including educational materials, books, and wellness-focused giveaways.

The event reached more than 60 community members and created an opportunity to connect individuals with local services that support overall well-being. By convening trusted partners and expanding access to information and resources, Simply Healthcare Plans continues to support health literacy and strengthen community-based care.
