

Simply Healthcare Plans Supports Maternal Health at Community Baby Shower and Wellness Fair

Broward County, FL – May 9, 2026 — Simply Healthcare Plans participated in the 8th Annual Mother's Day Community Baby Shower and Wellness Health Fair in Broward County, supporting local families with access to maternal health resources and education.

In partnership with The Preggo Organization for Women, the event connected more than 100 attendees with information about services available through Simply Healthcare Plans Medicaid, including prenatal and postpartum support. Representatives from Healthy Start engaged directly with expectant and new mothers, highlighting available benefits such as doula services and care coordination.

The event also featured interactive activities, wellness resources, and family-focused giveaways, creating a welcoming environment for mothers and caregivers to learn, connect, and access support.

By participating in community-based events like this, Simply Healthcare Plans continues to strengthen outreach in Broward County and expand awareness of programs that support maternal and child health.
